

Technical conditions for Chromarama

Performance lasts 25 minutes.

Set up time 2 hours

Requirements:

1. Site visit or good photographic documentation of the site. An appropriate dedicated site such as a city square or a fairly wide boulevard with pedestrian access or sports hall fairly flat and large enough to accommodate the arena and audience.
2. a) A barriered back stage area requiring the provision of 25-40 barriers
b) Power supplies
c) Sound system plus operator no less than 4k
d) A Lighting rig for evening or indoor performances plus operator
3. Security of eight stewards or more depending on the audience size with the responsibility to keep the audience out of the performance and technical area.
4. Hotel plus breakfast plus two meals per day for a cast of 14. Usually one meal on night of arrival and two on the day of performance are required. Water and sports drinks e.g. `Pokari Sweat`, or `Gaiter aid` on site of performance
5. Fee and cost of transport of equipment and cast of 14 from Newcastle upon Tyne, including secure overnight parking and parking access for performances.
